DETAILED ACTION

1. This is responsive to the Board decision dated 2/24/06 in which reissue claims "12-14" were found not to be an improper recapture of surrendered subject matter under 35 USC § 251.
2. Prior to passing this case to issue, several formal matters must be addressed:
 - A. The continuation data must be updated to reflect that parent reissue application 09/064,765 is abandoned.
 - B. New formal drawings must be provided as set forth in the PTO-948 dated 2/4/00.
 - C. A 37 CFR § 3.73(b) statement by the assignee is required. It is noted that applicant may have previously provided this statement (see amendment dated 11/5/01); however, the current electronic file does not include this statement. Applicant is requested to provide a copy of the statement from his file.
 - D. A final supplemental oath is required directed to reissue claims "12-14". Note that the last oath filed (4/4/01) refers to reissue claims "8-11". The oath must clearly indicate the broadening aspects of reissue claims "12-14" relative to the patent claims.
3. Applicant is advised that the current status of the claims are:
 - patent claims 1-7 cancelled (amendment 2/4/00)
 - reissue claims 12-14 allowed (will be renumbered as claims 8-10 at issue).
4. The application will be passed to issue on allowed claims "12-14" provided the above formal matters are promptly corrected. Prosecution is otherwise closed.

Applicant is required to make the necessary corrections addressing the outstanding formal matters within a shortened statutory period set to expire **ONE MONTH** or **THIRTY DAYS**, whichever is longer, from the mailing date of this letter. **Extensions of time may be granted under 37 CFR 1.136.**
